SARAMACCA CANAL SYSTEM REHABILITATION PROJECT

Loan No.: 8924 -SR - P165973

Contract Title: Rehabilitation Uitkijk lock

Reference No.: MPW\WB\SCSRP\CMP1-007

The Ministry of Public Works (MPW) has received financing from the World Bank toward the cost of the Loan No. 8924 -SR - P165973 *SARAMACCA CANAL SYSTEM REHABILITATION PROJECT*, and intends to apply part of the proceeds toward payments under the contract for the Rehabilitation of the Uitkijk lock.

The Rehabilitation of the Uitkijk lock project, which encompasses three main sections:

Section 1: Civil Works. This section involves mainly the new built of a) steel approach structures, b) concrete water retaining walls, c) sheet pile walls, and concrete repair and reconstruction of lock head and lock chamber walls and dredging.

Section 2: Mechanical and Steel Works. The Mechanical and Steel Works section focuses on the ship lock rehabilitation of the existing lifting gates including new driving mechanism and modification of steel guiding frame and platform.

Section 3: Electrical Works. The Electrical Works section encompasses the replacement of all electrical systems and equipment: power installation, emergency generator, controls, light installation, earthing and lightning, water level and flow equipment, Marifoon/VHF, Radar, Nautical lights and signs and CCTV.

Location: The project site is situated at the Saramacca Canal, where the Uitkijk Lock is located at the outlet into the Saramacca River. The Saramacca canal serves as a vital waterway for navigation and water management. The rehabilitation works will be carried out on-site, ensuring minimal disruption to the canal's operation and surrounding environment.

Construction Period: The entire scope of work for the Rehabilitation of the Uitkijk Lock is expected to be completed within a construction period of 12 months. This timeframe includes the preparation, procurement of material, and execution of the civil, mechanical and steel, and electrical works, allowing for the restoration and upgrade of the lock system within the specified timeline.
